

Medical Summary

\$1,250

For focused cases up to 500 pages of records.

What you receive

- Medical chronology in date order, with page references to the source records
- Narrative summary of the medical course, written in plain English
- Provider and facility list
- Pre-existing conditions and prior treatment
- Missing records and gaps in the timeline, with a request list
- Delivered as a PDF and an editable Word file

Turnaround: 7 business days

How it works

- 1. Order, pay, and upload.** Choose a package, pay in full at checkout, and upload the records through the secure portal.
- 2. Record review.** Michelle reviews every page and builds the chronology and summary.
- 3. Delivery.** You receive the PDF and Word files by email on or before the due date.
- 4. Next steps.** If the case needs more, the fee you paid is credited toward an Attorney Case Brief.

Add-ons

Rush delivery (half the standard turnaround)	Plus 50 percent
Additional pages beyond your package	\$1.75 per page
Supplemental records received after delivery	\$1.75 per page, updated within 5 business days
Extra consultation call (30 minutes)	\$250

All fees are paid in full before work begins. Turnaround starts once payment and the complete, readable records are received. A summary organizes and explains the records; it is not an expert opinion on standard of care or causation.
